Assisted Living

Residents enjoy a full range of engaging social events and activities, 3 nutritious meals, along with delicious snacks throughout the day. Exceptionally trained staff are on-site 24 hours every day to provide assistance with activities of daily living such as bathing, dressing, toileting, ambulation, and medication management. Housekeeping, laundry, and transportation are also included.

The Cove

The Cove offers the same supportive and personal services as the Assisted Living neighborhood, as well a specifically designed program for those living with early-stage cognitive decline. Our specialized program promotes independence and social connections with cognitive peers.

The Hammock

Our specialized Memory Care program is designed to enrich the lives of those living with more advanced cognitive impairment. We provide a safe, secure, and peaceful environment. The care team is specifically trained to respectfully guide and redirect our residents through their day, while honoring the dignity of each individual.
